EXAMINER'S COMMENT

The action is responsive to the amendment filed September 15, 2005. The amendment and arguments are deemed to be persuasive; thus the rejections of the claims in the office action mailed June 2, 2005 have been withdrawn. Therefore, all pending claims 1-16 is allowable over the art of record.

Drawings

The drawings filed August 27, 2003 are acceptable.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach or suggest a surgical stapler having a pistol like grip including a longitudinal body that include a staple storage compartment and a handle extending downwardly from said body; the handle having a configuration adapted to fit the user's hand wherein a concave curve surface conform to the natural curve of the user's palm; a proximal extension extending rearwardly of the juncture of the body and handle; further wherein the body having two sides parallel to the longitudinal axis of the body and even further wherein the stapler includes a mechanism for ejecting the staples from the storage compartment. Further the prior art fail to teach a method of grasping the stapler referred to above wherein the index finger and the thumb are positioned opposed one another along the body of the stapler and the three remaining fingers are placed around the handle.

For these reasons the claims are believed to be allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
